Impressive Scene Saturday in Pro-Cathedral in Baltimore.

Rev. Prof. Wallis Takes Part in Services—Assigned Posts in Different Parts of Maryland.

Bishop Murray, of the Episcopal Diocese of Maryland, held an ordination last Saturday at ten o'clock in the Pro-Cathedral, Baltimore, at which four students of the Seminary near this city, were ordained to the diaconate. They were Messrs. Carleton Barnwell, B. A. presented by the Rev. Dr. Niver, of Christ Church, Baltimore, Theodore St. Clair Will, B. A., presented by the Rev. Professor Wallis, of the Seminary near this city, Philip Howard Williams presented by the Very Rev. Dean Atkinson and Samuel Steinmetz presented by the Rev. Mr. Hogue, of Ascension Church, Baltimore. Another gentleman was ordained deacon who studied at the Episcopal General Seminary, New York City.

The Rev. Carleton Barnwell, B. A., and Theodore St. Clair Will, B. A., will have work in Ellicott City, Md., and its vicinity under Archdeacon Helfenstein. The Rev. Philip H. Williams will assist the Rev. Mr. Smith at Owing's Mills, Baltimore county, and Rev. Samuel Steinmetz will have charge of Trinity Church, Arlington, near Baltimore.

WILL REQUIRE ANOTHER WEEK

Democratic Caucus Has Much Work on the Tariff Before Them.

Washington, June 23.—Another week, and, perhaps ten days, it is now expected will be required before before the tariff bill is disposed of by the Democratic caucus of the Senate, which resumed consideration of the measure this morning.

The subcommittee of the finance committee in charge of the income tax provisions yesterday decided that incomes of mutual insurance companies will be exempt from taxation to the extent that the companies are mutual, but no further.

An amendment has been put into the bill to exempt the incomes of states and municipalities.

In regard to the exemption of incomes of $3,000 and under and taxation of the separate incomes of husband and wife the form in which the bill now provides that if both husband and wife have separate incomes of $3,000 and over, no exemption will be allowed for either on account of dependency of the other.

Complaints are being made by fishermen against the provision prohibiting the importation of fishing tackle having attached to it feathers prohibited from entry by the tariff. It is pointed out this would be a hardship to the man who wants to make his own flies or to be a fly maunfacturer who depends on the importation of feathers of foreign birds for material for high class flies.

JACK JOHNSON LOSES SUIT.

Must Pay $2,500 for Punch Which Sent Bag Into Girl's Face.

The young woman was struck by the bag which Johnson accidentally knocked from its fastenings in an exhibition at atheatre last year. She sued for $25,000.

NEWS OF THE DAY.

R. C. Hawley was struck by lightning and killed and five persons were injured at Little Rock, Ark., late yesterday when the bolt came in contact with an electric light wire and traveled over the circuit into a tent where several hunderd persons were attending a revival meeting. Three residences in the immediate vicinity of the tent were also struck by lighting and damaged. All of those injured will recover.

Nine members of a party of fourteen United States engineers and other government employes were drowned above New Madrid, Mo., late yesterday, when the United States survey boat Beaver, which the party was aboard, was capsized in a windstorm.

Because William H. Harbeck, who recently inherited two fortunes, amounting to more than $1,000,000, did not reduce the speed of his automobile, Miss Gertrude Wilkins, an artist's model, leaped from it yesterday evening while it was racing through Pierpont four miles south of Nyack, N. Y., and was killed.

Mrs. Charlotte J. S. Cummings, of Tidioute, Pa., was killed and her son, Ralph H. Cummings, of Baltimore, was seriously injured yesterday evening, when the steering gear of an automobile in which they were riding refused to work and the car overturned and fell upon the occupants.

Believing she had permanently lost the love of Mrs. Renetta S. Vanschaack, a well-known society matron, of Denver, Col., by whom she was employed as a domestic. Miss Clare Ward, aged 24, attempted to kill herself yesterday evening, and failing, took her own life a few minutes afterward.

An automobile and a revolver as aids to robbery have appealed to a woman in Chicago, according to reports made to the police. Mrs. Irene Punner, 25 years old, was arrested yesterday, charged with being the latest automobile bandit, who held up a women's furnishing store last Saturday night.

When Mrs. Dave Grant, residing 14 miles southwest of Beach, N. D., went to call her two sons, aged 5 and 7, yesterday morning, she found them dead in bed, with a rattlesnake lying between them It is believed that the reptile crawled into the bed clothes during the day while they were being aired out of doors. During the previous evening, just after the boys had retired, each had complained that the other was pinching him.

It is said that the arrest of persons prominent socially and in a business way in Salisbury Md., in connection with the death of Miss Florence Wainwright, whose lifeless body was found Saturday night seated in a chair in the gas office, where she was employed, is probable, but no intimation is given as to when the arrests will be made.

Four firemen are dead and three are in the hospital seriously injured as the result of a disastrous fire that started presumably from a match or a cigarette, thrown carelessly by a passer-by into shavings in front of the sash and blind factory.

Seven men were killed and another probably was fatally injured in the wreck of a freight train on the Chicago, Milwaukee and St. Paul Railroad, near Clinton, Iowa, yesterday.

William Roed Wiley, of Lancaster, Pa., night foreman in the transformer department of the General Electric Company, and Fred Van Zuzi, a crane hitcher, were drowned Saturday night in a 7,000 gallon tank of oil. They were standing on a plank over the oil ready to dip a high tension "lead" weighing 400 pounds. The table containing the "lead" broke and both men were thrown into the tank, which is 14 feet deep. The oil was drawn off as rapidly as possible, but both men were dead when taken from the tank. Wiley, who was 25 years old, was a graduate of Pennsylvania State College.

PASHA'S ASSASSINS EXECUTED TODAY

Twenty Men Pay Penalty of Crime in Rapid Succession.

EFFORTS TO STOP WAR.

Austria-Hungary Believed to Have Fomented Present Disagreement Among Balkan Allies.

Constantinople, June 23.—Twenty men were executed today in rapid succession for the assassination, two weeks ago, of Mahmud Shevket Pasha, grand vizer of Turkey.

Witnesses to the killing of the grand vizer said that two men fired the shots at Mahmud Shevket Pasha and Ibrihim Bey, his aide, who was also killed, but the police and soldiers made wholesale arrests for conspiracy ,and the twenty men executed were charged with being ringleaders.

They were tried by courtmartial and convicted yesterday.

London, June 23.—The Great Powers today "at the eleventh hour" engaged in the liveliest of telegraphic exchanges to avert fresh war in the Balkans. Pressure was brought to bear on all the allies, Servian, Bulgarian, Montenegro, and Greece to force them to abide by the arbitration of the Czar, and the hope was semi-officially expressed at the foreign office that hostilities would be prevented.

It has been expressed in certain quarters that Austria-Hungary in the zeal of her anti-Slav sentiment, has fomented the disagreement among the allies, secretly feeding the flame of resentment of each against the others, with a desire to make impossible anything like a powerful Slav coalition.

FLY CAMPAIGN.

Standing of the Contestants in the Swatting Contest.

The fly campaign is nearing the end of the period for the distribution of the first prizes as previously announced by the city health department.

The standing of the contestants who have the largest number of flies to their credit is as follows:

Catherine Page, 149,000.
Leola Cockrell, 138,300.
Margaret Shuman, 103,100.

There are a number of other children entered in the June contest who have a large number of flies to their credit, but the three children having the most up to the present are named above.

There is plenty of time for the other contestants to get busy. Nine more days remaining in the month gives many a good chance, almost equal chance with the ones who today stand at the head of the list.

From all indications it seems that the June fly contest will be a close one, and as the cash prizes offered by the city health office are large it should stimulate all contestants to do their best.

Only the drop in the temperature in Cincinnati, Ohio, precented actual suffering which resulted from the strike of the drivers, helpers, engineers, firemen of the ice manufacturing plants.

The Federation of American Zionists of Cincinnati, O., began its sixteenth annual convention today. A resolution calling upon the International Federation of Zionists to establish a home fo Jews in Palestine was adopted.

A foul tip from the bat of a player in Jersey City, N. J., in a game between fraternal order baseball teams struck the official scorer, Harry C. Harvard, on the head, and he died from the effects of the blow.

Foreman of Street Work Struck on Head by Asphalt Block.

J. G. Hall, superintendenet of the Washington Asphalt Block and Tile Company, in charge of the street construction work in which the company is engaged in Alexandria, received serious injury at noon today by being struck near the temple with one of the heavy asphalt blocks thrown by a negro named Joe Wheeler employed by James Patterson.

Mr. Hall was supervising the unloading of the blocks from a barge near the Mutual Ice Company plant, foot of Cameron street, and became engaged in an altercation with the negro driver about his work during which the negro suddenly threw the block at Hall, striking him in the temple.

Hall was at once taken to the Alexandria Hospital where his injuries were dressed, about 6 stitches being taken in his scalp.

The negro escaped after turning in his team.

THE CASE OF MRS. FITZHUGH.

"Woman of Mystery" Alleged to be Simply Unfortunate.

Though "Mrs. Randolph Fitzhugh" has been haled in New York City as "the woman of mystery" and her character assailed almost daily by hundreds of detectives who hounded her every footstep, she is only pitied by Virginians who knew her as Catherine Fennell.

In the little town of Falls Church, Va., "the woman of mystey" was considered simply an unfortunate; not a woman who had no soul, no conscience, no virtue, but a human being whose mind has been afflicted with mankind s greatest scourge—insanity.

Catherine Fennell and her father, William Bruce Fennell, once lived in Falls Church. The tax books of this little Virginia hamlet show that even now the father owes for almost two years on a home he attempted to purchase there, but had to give up owing to nonpayment of notes on the property. It was from Falls Church that both father and daughter were committed to Virginia's home for the insne, stationed at Staunton Va. It was at Falls Church that she assaulted a young man friend; the New York newspapers claim he was her sweetheart. But the young Virginian she assaulted lives a few miles from Falls Church. He says she only is to be pitied.

CARDINALS DEFEAT INTERIOR.

But Lose to the White Sox in 10 Innings by score of 4 to 3

The Cardinals, Saturday afternoon got their bludgeons to work on Pieffer the Interior Dept. twirler and batted out a victory over the Dept. League leaders by the score of 9 to 6, but in Sunday's game against the White Sox they were unable to connect with Ittner, the big twirler of the White Sox aggregation who gave only seven hits and fanned 10 men, winning his own game in the 10th inning by a timely bingle to deep center.

Risdon, the Cardinals winning pitcher was on the mound against the strong Interiorites, and twirled one of the best games of the season allowing only 6 hits and sending 12 men back to the bench by the out route. The Interorites scored 1 run in the second, 2 in the third, 2 in the fifth, and one in the sixth making a total of six runs; the Cardinals scored 1 run in the first, 2 in the third, on in the fifth, one in the sixth, and 4 runs in the lucky seventh. Thereby winning out by the score of 9 to 6.

Thomas Dunbar, of the Dunbar Floral co., won the season pass given to the one holding the lucky number

The feature of the game was the pitching of Risdon and the fielding of Corl for the Cardinals, while Flannery and Tansill were the stars for the Interors.

ATTEMPT TO SHOOT UP CRIMINAL COURT

Desperate Youth Would Follow Example of Hillsville Assassins.

BULLETS WENT WILD.

Great Excitement in Judge Stafford's Court in Washington, When Would-be Murderer Uses Pistol.

(Special Dispatch to Gazette.)

Washington, June 23.—Considerable excitement was caused in Criminal Court No. 1 in this city today, when a youth named Stewart Wright, who had been sentenced to the reform school for robbery at Anacostia, attempted to imitate the Hillsville murderers by shooting Judge Stafford,, the prosecuting attorney and the principal witness for the prosecution.

Fortunately the bullets went wild and the would-be assassin was captured and disarmed.

Wright is 18 years old. He was out on bail and the motion for an increase in bail precipitated the shooting.

Recollections of the Carroll county horrors flashed in the minds of most of those present when the crack of the pistol was heard, and many made a wild scramble to get out of the room. Some succeeded and a few had no desire to return even after the incident was closed and it was announced that the danger was over.

He is survived by a widow and four children—Messrs. O. H. and H. D. Kirk, and Mrs. J. William May and Mrs. Ernest Risdon.

The deceased was a son of the late Harrison Kirk, and in early boyhood manifested business instincts. He entered the ship chandlery house of the late Orlando Henderson shortly after the close of the civil war and upon the latter's death, about 30 years ago, succeeded him in the business. Throughout life he enjoyed the confidence and respect of all with whom he had dealings. His health began to decline some time ago, and his condition becoming serious he underwent an operation for internal troubles. While he was temporarily relieved, he never rallied from his weakened condition, and in short time was compelled to remain indoors. His strength waned gradually until this morning when his death followed. Terrible Odor Pervades Alexandria From Carload of Fertilizer.

The east wind this morning sent disagreeable odors throughout the city and caused many speculations concerning their origin. It was finally ascertained that a carload of some variety of fertilizer which had been brought through the Wilkes street tunnel and placed on Union street, was the cause of the trouble.

One sultry Saturday night in the year 1881 considerable annoyance was occasioned in Alexandria by a disagreeable odor which permeated the entire city. Excursionists passing on river steamers suggested that the city of Cologne had changed its position and taken its place on the western hemisphere. In a short time an innocent looking schooner which had crept into a dock near the site of the boat house of the Old Dominion Club was found to be resonsible for the annoyance. The vessel was loaded wth fish guanuo. The owner was compelled to adopt measures to eliminate the odor from his cargo.

STAUNTON MURDER A PUZZLE.

Three Charges Pending in Which Relations Are Accused Each Time.

Staunton, Va., June 23.—An unusual situation exists just at this time in the criminal courts of Staunton and Augusta county, where three murder cases of a nature to call for the talents of a Sherlock Holmes are pending. In each case a relative of the victim is in jail charged with the crime.

The evidence against the accused person in each instance is circumstantial, and the impelling motive for the crime is either untraced or is very obscure.

The cases are those of Mrs. Nannie Bridges, charged with murdering her husband by administering strychnine in apple tarts; Charles Donaghe, charged with murdering his sister in their secluded home, the crime having been committed with a club; and Harry and Lee Greaver, charged with murdering their brother-in-law, Edward Miller, and laying the body on the railroad track to conceal the crime.

The latter case has been pending two years, Miller's death having been set down as an accident, but the police have been working on the case on the theory that it was a murder, and recently the arrest of the Greavers followed.

CHARGED WITH INCENDIARISM.

Fisherman Arrested for Blaze at Virginia Beach.

Norfolk, Va., June 23.—James E. Cannon, 41 years old, a fisherman, living at Virginia Beach, was arrested on Saturday night, on the charge of having started the fire which recently destroyed a hotel and other property at the resort, and came near causing the death of fourteen people.

The warrant against Cannon was sworn out by Commonwealth's Attorney Ackiss, of Princess Anne county. The warrant charges that Cannon maliciously set fire to certain buildings and the Normandy Inn, occupied by B. F. Edwards, of Washington, and others.

Cannon's arrest is said to be the outcome of an investigation made by the State Insurance Commissioner. Several other arrests are expected to follow in the next few days.

The fire, which occurred on the morning of June 17, destroyed a number of amusement concessions, entailing a loss of $50,000.

Press Association.

Staunton, Va., June 23.—The Virginia State Press Association will begin on Tuesday a three days' session at Mount Elliott Springs. Wednesday afternoon will be spent at Staunton as guests of the Staunton Chamber of Commerce. The members will be met at the train and taken in automobiles over the city, and then to the New Theatre, where the management has prepared a special bill for them. Later they will be taken in automobiles to Gypsy Hill Park, where a buffet lunch will be served.

The mayor and the president of the Chamber of Commerce will welcome the party.

JOKE LEADS TO MURDER.

James Townsend Killed Near Cape Charles by J. W. Devereau.

Cape Charles, Va., June 23.—Jas. Townsend, a prominent farmer, residing near here was shot and instantly killed at 3 P. M., yesterday at the home of Thomas Taylor, by J. W. Devereau, a teamster in the employ of Fred Bender. Devereau went to the home of Mr. Taylor, and, being under the influence of liquor, Mr. Townsend and Mr. Taylor tried to persuade him to return home. Devereau started home and while in the ward some pleasantry was passed regarding a mule which Devereau was very fond of. Devereau resented the pleasantry, which was a joke on the condition of the mule, whereupon, Devereau drew a pistol, and, without comment, shot Mr. Townsend in the breast. A son of Peter Bender struck the pistol from the hand of Devereau and held him until Sergeant Taylor could be summoned.

Drowned While Bathing.

Cape Charles, Va., June 23.—Wm. Torbert, aged 17, son of John R. Torbert, of Cobbs, Va., was drowned while bathing in Cherrystone Creek, at 3 P. M., yesterday. Young Torbert, accompanied by Henry Parker, and several companions, drove from Charlton to Oakland, the home of T. W. Jones, located on Cherrystone Creek, where the party went in bathing. BANKERS VISIT WASHINGTON.

Return to Old Point Yesterday After a Day of Sightseeing.

Fort Monroe, Va. June 23.—Completing its twentieth annual convention with one of the busiest days in its history after listening to splendid addresses by United States Senator Robert L. Owens, of Oklahoma; J. M Hurt, of Blackstone, B. F. Harris, of Champaign, Ill.; S. O Sandy, of Virginia, and the holding of the annual election of officers, the members of the Virginia Bankers' Association left Old Point Friday night on the Steamer Southland, for a visit to Washington.

Although the bankers were informed the President would be unable to receive them Saturday, he being in Baltimore, they were assured a cordial welcome by his representatives at the White House. After spending some time sight-seeing in the capital the bankers left on the return trip at midnight reaching Old Point about 11 o'clock yesterday morning.

SUICIDE OF A CLERK.

Young Man Was Suffering From a Nervous Breakdown.

Winchester, Va., June 23.—Stanley Maphis, 20 years old, a Washington D. C., bank clerk, committed suicide Friday night while standing on the front porch of his father's residence at Strasburg, by slashing his throat with a razor. He almost decapitated himself. After graduating from the Strasburg High scholo young Maphis went to Washington where he attended a school for some time, and later was employed in a Washington bank.

He was a diligent student, and overwork compelled him to relinquish his place in the bank, and he returned home to recuperate. He was suffering from a nervous breakdown and melancholia.

LOSES COLLECTOR FIGHT.

Richmond Will be Subport of Norfolk After July 1st.

Richmond, Va., June 23.—It is now definitely settled that Richmond will be a subport under the supervision of Norfolk as a result of the reorganization of the customs districts.

Richmond's hope of remaining a separate port was blasted when news came from Washington that efforts to forestall the organization plans had met with defeat in Congress.

This means that central headquarters for the Virginia district will be located in Norfolk after July 1st the date to go into effect.

Floyd Hughes, the Norfol kcollector will then be head of the office Collector of Arnold, of Richmond will lose his position automatically on that date It is understood that he will be succeeded by W. G. Smith who is now his deputy.

No one seems to know when a Democrat will be named collector, although friends of the several candidates have been working to bring about removal of the Republican incumbent for sometime.

DRESSED AS MAN.

Pretty Girl Ran Away to Get Married.

Bristol, Va., June 23.—Ossei Leonard, a pretty eighteen-year-old girl, was arrested here Saturday disguised as a college youth.

A big search had been kept up for her and she would have gotten away but for the fact that she went to a barber shop to get her hair trimmed better than she could cut it herself.

She is said to have adopted this means of getting away in order to be married. Her disguise was almost perfect.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

TIME IS RIPE FOR TARIFF EXPERIMENT.

Again we are assured by one who understands big business and the commerce of a nation that the Democratic party is making no mistake in undertaking tariff and currency legislation at this time. The statement of the president of the Pennsylvania Bankers' Association, Mr. Beymers, is that "at no time within the past 30 years have we been better prepared to experiment with the lowering of tariff duties than we are to-day. Underlying conditions are sound and vastly better than the last time we experimented in this direction."

It was not optional with the Democrats to reduce the tariff. The demand for lower rates in the several schedules had become so marked that even the Republicans, in the campaign of 1908, were forced to recognize it and agree to a revision. The evils had lasted too long and public opinion demanded a removal of prohibitive rates that had so many years worked a hardship on the masses of the people. A revision downward by the friends of protection was naturally a failure, and popular resentment over such a betrayed of trust accounted for Democratic victory at the polls in the congressional elections of 1910. Moreover, it was not optional wit hthe Democrats to legislate on the currency question. Year after year we experience stringencies in the money market, generally with the coming of autumn. Several times this state of the money market resulted in panic conditions. The business community begged for legislation. Chambers of commerce, boards of trade and bankers' associations urged it. Bills were prepared and promptly pigeonholed by congress. The panic of 1907 was predicted freely the year before, and still nothing could be obtained from a Republican congress save the futie Aldrich-Vreeland law, the enactment of which was never even attempted.

Tariff and currency legislation, so omperative, are under way with favorable business conditions enjoyed by the nation. It is only the professional calamity howlers or the individuals who have enjoyed the benefits of class legislation at the expense of the people at large, who can oppose these measures. They had to come and the words of Mr. Beymers are worth consideration by the timid.

GOVERNMENT AND SALE OF COCAINE.

It is gratifying to note that the federal government has taken an active interest in the sale of cocaine. Despite stringent statutes passed by various states against its sale, it has been as easy to procure as groceries although it is one of the most pernicious of drugs. It is proper, of course, to arrest and convict negroes here in Alexandria for selling it to their aquaintances, who become completely irresponsible while under its influence. It is far better, however to take into custody those who are making a profit out of its sale and the subsequent misery and wretchedness which it causes. By making it necessafy for a purchaser to identify himself and make affidavit as to the purpose for which it is to be used, it will be easy for the government to trace cocaine from the importer to the consumer, and do much toward putting a stop to a traffic that has become so prevalent, especially among the negroes of the south.

A preacher in a Western town dropped dead after a ball game. It might have been expected after that double header that New York took from the Nationals last week.

Harry Lauder preached a sermon to a Scotch congregation. And a canny scotch chuckle, doubtless was heard in the edifice.

Bryan praises the currency measure, Well, at last, something besides 16-1 is satisfactory.

Climbing Mt. Mckinley seems to be easy enough. Proving it is the rub.

A Brooklyn woman turkey-trotted herself to death in four hours. She was no enthusiast at all. There are lots of trotters who can go that distance and just warm up for the real performance. Among them are a lot of people who bitterly condemned this form of entertainment—until they had seen it tried.

New York politics should be progressive enough to suit most anybody. They have gotten past the lying stage up there. Perjury and forgery seem to be the popular charges.

BOYS STEALS TROLLEY CAR.

Run it at Night Giving Joy Rides Free to all Comers.

Catskill, N. Y., June 23.—Edward McNally, 19 years old, of Brooklyn and Walter Robinson, who hails from London, were arrested yesterday charged with stealing a trolley car owned by the Catskill Traction Company.

Soon after midnight Saturday night night the pair ran the car from the car barn, up Jefferson hill and on to Leeds, the terminal, and after giving a few of the natives who were up late a joy ride, they ran the car back two miles and left it standing on the track, where it was found yesterday morning. Robinson, who says he "was all lit up," and McNally were arraigned before Justice Miller and remanded for examination.

ENGINE'S LEAP KILLS TWO.

Third May Also Die as Result of Plunge.

Scranton, Pa., June 23.—Running at the rate of a mile a minute, a light engine being hurried from Carbondale to Wilkes-Barre, over the Delaware & Huson Railroad, jumped the track at a bad curve at Minooka Junction, just south of this city, yesterday afternoon, and, rolling down a 30-foot embankment, killed the engineer, a train rider, and fatally injured the fireman.

Engineer Christopher Allen, of Carbondale, 55 years old, was crushed to death in his cab, and Jesse L. Decker, 23 years of Moosic, an Erie railroad fireman, was caught under the tender, and died a few minutes after he was taken out. John Jones, a fireman of the engine, received fractured hips and injuries to the spine which may prove fatal.

A wreck train on the way from Carbondale to the Moosic wreck was wrecked at Archbald. A large crane swung out across the opposite track and came in collision with a train of empty cars. The car carrying the crane toppled over and caused a bad mix-up, but no one was hurt.

MAN WAS UNDER BED.

Atlantic City, June 23.—During her 15 years of married life, Mrs. William Rush, of No. 3409 North Sixteenth street, Philadelphia, has requested her husband every night to look under the bed. He has dutifully complied with the request, but not until last night, at the Hotel Lakewood, was his quest rewarded.

As Mr. Rush bent down on his knees there was a commotion under the bed and a giant negro scuttled across the floor toward the door on his hands and knees. The fellow was captured by hotel attaches and turned over to the police.

TWO YOUTHS DROWN.

Swimmers Perish Before Spectators Understand.

Ambridge, Pa., June 23.—Leaping into a swimminb hole nine feet deep in Sewickley Creek, yesterday afternoon, Demetro Zowski, 17, and Frank Bocheck, 20, who supposed the water was shallow, were dorwned. Their companions, Daniel Panka and oJhn Kornka, were taken from the water unconscious.

About 25 American boys and young men were swimming when the four foreigners appeared. After watching the bathers a few minutes, the four undressed and simultaneously leaped into the stream. None was able to swim.

The Americans noticed the foreigners floundering, but supposing they could swim, made no effort at rescue till Zowski and Rocheck had sunk. Thetwo were dead when taken from the hole by the other bathers.

Panka and Kornka were taken to the shore and a physician was summoned. He revived thetwo, who said the ythought they were jumping into water three feet deep.

POPE TO HAVE FOREST WALK.

Pine Wood Adjoining Vatican Gardens to be Purchased.

Rome, June 23.—Owing to the precarious health of the Pope after his recent illness, it is understood, negotiations are now going on between the Holy See and Prince Torlonia for the purchase of a pine wood owned by the Prince, which lies cose to the Vatican.

This wood can be reached either by means of an underground passage or an archway, and would enable the Pope to enjoy a very much larger area for his walks. This section allows of a magnificient view of the Roman Campagna, toward the Mediterranean.

IN DEBT, GIRL TAKES POISON.

Miss Schultz Reported Dying From Bichloride of Mercury.

Martinsburg, W. Va., June 23.—Edna Schultz, 17-year-old daughter of Mr. and Mrs. Fahrney Schultz, of Bolivar, took Saturday two large tablets of Bichloride of Mercury. She is said to be in a hopeless condition in a hospital here. The girl admits having taken the drug, but refuses to state where it was procured.

At her boarding house, it was stated Miss Schultz, who had been employed for the last two years in a local factory, had apparently been despondent because of her inability to earn sufficient money to dress as she wished. She had been harassed lately by debts she was unable to pay. Yesterday morning she made a trip to Hagerstown, returning about noon, and within an hour was taken ill and hurried to the hospital.

DANCE OF DEATH.

Striving For Championship Woman Faints and Passes Away.

New York, June 23.—In striving to become the champion dancer of Ridgewood, the dances including the tango, the Boston and other steps, at a "block party," which took place on the asphalt pavement in Silver street, near Fresh Pond Road, in which more than one thusand couples participated. Mrs. Richard Wagner, after dancing continuously for more than four hours with her husband, fainted and soon after reaching her home, died.

Each year on June 21, the Ridgewood "block party," or Marathon dance, takes place in Silver street. A dozen prizes are offered, the winners getting a handsome silver set given by the Block Party Association. Well known business men of that district make up the list of officers.

MAN SHOT BY TROLLEY CAR.

Cartridge on Track Exploded and Passerby Wounded.

Milwaukee, June 23.—One man was shot, another narrowly escaped, when a bullet of .38-calibre was fired by a street car. The injured man, Peter Biensilse, was walking between Roman Androwzyski and Emil Pies, when the car passed, Pies being nearest the car. As the car whizzed by there was an explosion, a bullet whistled past Pies' face and lodged in Biensilse's right shoulder.

It is believed that the loaded cartridge was placed on the car tracks by small boys, and that when the car passed it was exploded.

Trustees and Commissioner's Sale of Residue.

Trustees' sale of the residue of the "Belvoir" or "White House" tract of land located in Mt. Vernon magisterial District Fairfax county Va., containing approximately 1100 acres with improvements.

By virtue of the authority vested in us by the will of Philip Otterback, deceased, and under decree of the Circuit Court of Fairfax County, Va., in the suit of Otterback vs. Bohrer, at its March and May terms, 1913, the undersigned trustees and commissioners will offer for sale at public auction in front of the Royal street entrance to the Market House in Alexandria Va., at

the above described prpoerty.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred, (2,700) acres, of which 1,500 acres has been taken by the United States Government for a school of Equitation of Horsemanship. The balance, between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by an old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink, and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

NEWS OF THE DAY.

Giving various futile directions as to his rescue, William Dover, a Shirkville, Ind., welldigger, sank to his death in quicksand in a well Friday afternoon. When he found he was miring, Dover called to a helper above to lower a rope. By the time the order was obeyed the digger had sunk so far that four men were unable to draw him up. Next, Dover suggested an improvised block-and-tackle. He was then buried to his armpits. Before the device could be operated he went down till sand and water touched his lips. "Goodby," he called to each man and sank out of sight. The body has not been recovered.

Hardly out of short dresses, but convinced that life had nothing for them Kathryn Burns and Annie Butler, each 17 years old, and both of the East End, of Pittsburgh, Pa., entered a suicide compact early Friday and swallowed bichloride of mercury tablets. Physicians announce that they will die. The compact was made by the girls aftre their parents had forced them to admit that they had passed last Monday night in a rooming house with two detectives.

Three school children are dead, five others and a teacher are perhaps mortally and fourteen additional children and three men more or less seriously wounded as the result of a madman with automatic pistols running amuck in a Catholic school at Bremen, Germany, Friday. The murderer is a young head teacher named Schmidt, who had been without employment for some months. He was arrested with difficulty. Ten automatic pistols were found in Schmidt's pockets.

A severe electrical storm, accompanied by heavy rain, hail, and high wind, which struck New York Friday night, did considerable damage, mostly in the outlying sections. Trees were blown down, plate glass windows smashed, suburban telegraph and telephone service demoralized, an dtrolley communication cripped by fallen wires and wash-outs. As the storm was at its height the steamer France from Havre was entering Quarantine. A bolt of lightning struck the vessel, shot down the foremast and knocked down half dozen sailors. They were stunned, but quickly revived.

Secretary Wilson, of the Department of Labor, last night took full responsibility for the postponement of trial in the Digga-Caminetti case the basis of sensational charges telegraphed to the President Saturday by United States Attorney John L. McNabb, of San Francisco, with a request that his resignation be accepted at once. In a signed statement, Secretary Wilson said: "The Attorney General postponed trial in the Diggs-Camanetti case solely upon my request. I am therefore responsible for the postponement. Mr. A. Caminetti has but recently assumed the duties of commissioner general of immigration. He has not yet fully familiarized himself with duties of the office."

Kenneth Lewis, aged 22, Loren Walker, 18, and May Secrist, all of Kansas City, Kas., and a young woman, name unknown, were drowned in the Missouri River, near Parkville, Mo., when a motor boat in which the four were riding, was capsized yesterday evening. The engine of the boat had "gone dead" and the young men had been trying to start it. While drifting near shore in the strong current about a mile below Parkville, the bow of the boat ran into a half submerged row of piling. The craft was turned quickly over and all disappeared.

By a vote of 10 to 5 the school board of Charlotte, the largest city of North Carolina, at its meeting last week, discharged the Misses Mary and Helen Clifford as teachers, on the ground that they are members of the Roman Catholic Church. This action was taken after a public hearing, at which pleas in behalf of the young women were made by prominent Protestant clergymen, a half dozen of the leading lawyers of Charlotte, and other well known citizens. Mayor Bland appealed to the school board not to discharge the Misses Clifford. No secret was made of the reason for the removal of the young women. It was admitted that they were efficient teachers, and that no charges had been made against their character.

WIFE AND CHILD ABLAZE.

Husband and Father Charged With Causing Their Deaths.

Vandalia, Mo., June 23.—Mrs. Jno. I. Nicholson and her adopted son, Howard, 10-years old, died here Saturday from the effects of burns received, when their clothing saturated with gasoline, was set on fire.

John I. Nicholson, the husband of the woman, was charged in the verdict of the coroner's jury with causing the deaths.

A few minutes before she died, Mrs. Nicholson made a statement charging her husband with pouring gasoline over herself and son and setting fire to them.

The home was burned. Nicholson aided in carrying the charred body of his wife out of the burning house. He was arrested at once, but refused to answer any questions.

It was said that Nicholson and his wife quarreled a few days ago over the division of $1,000 insurance that she carried.

LIGHTNING HITS CHURCH.

Bolt Throws House of Worship Into Darkness.

Richmond, June 23.—During the electrical storm last night shortly before 9 o'clock, lightning struck the switchboard in the Fulton Baptist Chruch, Nicholson and Fulton streets and caused all of the lights to go out while a large congregation was listening to the sermon by the pastor Rev. H. Frederick Jones. When the church was thrown into sudden darkness and the sharp report of the bolt was heard, the congregation became greatly excited, and several persons ran into the street. However, the excitement quickly subsided when the voice of Mr. Jones was heard calling upon the members to remain quiet and he proceeded with his sermon in the darkness.

In a short while the gas was lighted, it being found that the electric lights had been put of commission, and the service continued.

The loud report as the lighting hit was heard for blocks away, and many persons were certain it had gone great damage. As far as could be learned last night, the church building was not damaged and no one was hurt.

BALL GAME KILLS PREACHER.

Clergyman Falls Dead After Exciting Finish in Cleveland.

Cleveland, June 23.—The exciting finish of the Cleveland-Detroit baseball game Saturday proved too much for Rev. Thomas S. Hodgson, 70 years old of Willoughby, who dropped dead of heart failure on a street car while on his way home from the game. Mr. Hodgson, who was a retired Baptist minister, was accompanied to the game by Rev. Emery C. Breach, also of Willoughby, who took the body home.

FATHER CAPTURES ELOPERS.

Man Carried Off Clotres of The Girl's Mother.

Wilmington, Del., June 23.—Edward Masci, 28 years old and Lena Balascio, 15 years old, elopers, were captured yesterday morning by the girl's father after an all night search.

They were at Shellport Park, on the outskirts of Wilmington, awaiting to take a trolley ride to Philadelphia. The father took them to the police station.

Masci and the girl were both locked up. He is charged with larceny and she is held for being incorrigible. Masci took the girl's mother's clothes instead of those of his intended wife. He boarded at the Balascio home and secreted the clothing to aid his flance to get away.

The couple left the house separately. They spent several hours in looking for each other.

Repudiates Gift.

Nashville, Tenn., June 23.—At a called meeting of the bishops of the Methodist Episcopal Church South, attended by nine members of the College of Bishops, a veto message was drawn up, setting forth objections to the action of the board of trust in accepting the recent gift from Andrew Carnegie to the Vanderbilt Medical College.

The resolutions vetoing the $100,000 gift by Carnegie were adopted unanimously by the College of Bishops.

Tar Roofing That Is Fire Proof

Resistance to Fire

Besides its superior weather-proofing qualities and other advantages already mentioned, Security Roofing possesses still another requirements of the good roof. Its resistance to fire is remarkable Two instances of this will suffice for practical illustration :

At Middleport, N. Y., the building next to one covered with Security roofing caught fire. The burning building was the taller of the two, and was surmounted by a cupola. When the roof beams collapsed this cupola fell over upon the Security roof and burned away there until entirely consumed. The Security Roofing stood even this severe test successfully.

So much for its resistance to fire from without. But it will also hold an interior fire in check, until the roof beams are burned away.

AT ALEXANDRIA, VA., after a building had been gutted by fire, the Security Roofing with which it had been covered was undestroyed. It hung suspended from the walls and charred remnants of the rafters, though the floors and major portions of the roof had burned to ashes.

It Pays to Buy and Use GOOD Roofing

We believe it pays to have quality in our product even though it costs more; and we know from long experience that the only way to shave the price is to shave the quality.

We have never been willing to reduce the quality of Security Roofing, and do not recommend the use of cheaper and consequently inferior materials.

But the use of Security Roofing is nevertheless the truest economomy. for it always pays to get the best.

It costs very little if any more, to begin with, and saves more than its cost in the long run.

Security may be laid over shingles or other composition roofing where surface is reasonably smooth.—Order now of

A SEVERE BLAZE.

Many Families Are Thrown Out of Work by Fire in Emporia.

Emporia, June 23.—Fire Friday afternoon put of commission one of the largest industries of this city, created a property damage that wil reach at least $150,000 and rendered nearly two hundred families without employment and means of support for the time being.

The extensive plant of the Emporia Manufacturing Company, covering about six acres of ground caught fire shortly after 5 o'clock and within a short while the planing mills, the dry kilns, outhouses, residences, sheds 6,000,000 feet of lumber and several cars of box lumber were totally destroyed. The great sawmill was saved, but the plant is temporarily put out of commission, although already the directors of the company have announced their intention of a quick replacement of the plant.

The fire was the most severe that Emporia has seen in recent years and decidedly the most damaging. By strenuous efforts on the part of the employes, citizens and the fire department, the flames were prevented from spreading to other sections and wer confined within the property of the company.

It is thought that the fire was occasioned by a hot box in the planing mill.

Not all of the plant was destroyed, the sawmill being one of the largest and most costly buildings included in it. The insurance carried on the plant amount to $180,000.

DOUBLE MURDER.

Three Negro Suspects Arrested—Fears of Violence.

Dublin, Ga., June 23.—J. T. Heyel, aged 35, a merchant of Long Branch, near here, and his wife were murdered early yesterday morning, after being called from their beds, a shotgun being the weapon used.

Bloodhounds taken to the scene of the murder led a posse to the cabin of three negroes, Smith Harris, Joe McKay, and Henry Kitchens, who were hurried to the jail and heavily armed.

At 6 o'clock last night several hundred men gathered at the jail, and a lynching appeared imminent. When the crowd withdrew for supper the sheriff slipped his prisoners out of the jail under heavy guard, placed them aboard a train, and took them to Eastman, and thence to Macon, where precautions were taken to protect them from a mob.

From evidences at the scene of the murder it was supposed that shortly before daybreak Hewell was called from his bed and went outside, carrying a lantern. His murderers riddled his head with shot. Mrs. Hewell, it appears, hearing the shots, ran outside, and was killed at the doorstep.

The motive appears to have been robbery, as Mrs. Hewell's trunk was ransacked, suit cases searched and thrown into the yard, and a small strip, in which Hewell is supposed to have kept money, was ound in the woods nearby.

DROWNED IN WHIRLPOOL.

Two Boys Perish in Sight of Hundreds of Spectators.

Niagara Fals, N. Y., June 23.—Donald Roscoe, 10 years old, and Hubert Moore, 9 years old, both of Buffalo, went to their death in a small boat late yesterday afternoon in the whirlpool rapids, while hundrds of men watched helpless from the shore. The boys were playing in a flat-bottom scow, half a mile above the rapids, when the rope holding the boat broke, an dthey were carried out into the stream and down the river.

Up to the time the boat reached midstream it made little progress. After it passed the bridges the current carried it rapidly toward the rapids. The bridgemen did not see the boat until it was close at hand. Then they called fire headquarters, and two companies of firemen were sent to save the lads, if possible.

Hundreds swarmed to the river banks in a vain effort at rescue. The boys, realizing their fate, as the boat neared the edge of the rearing whirlpool, shook hands in farewell. A second later they were engulfed by a great wave in the rapids. The boat shot out of sight. One of the boys was seen for a moment struggling in the rushing waters, and then disappeared Neither body has been recovered.

Fifty persons were injured, some of them seriously, when a Pennsylvania Railroad excursion train left the rails a short distance north of Sterling station, near Rochester, N. Y., yesterday.

ESCAPED IN MAN'S CLOTHES.

Lillian Lenton a Notorious Suffragette Breaks License.

London, June 23.—Miss Lillian Lenton, the militant suffragette, who was convicted of having started the fire in the Kew Garden Tea Pavilion and who has given the police much trouble, has escaped in man's clothes from the house where she was living in Leeds pending the expiration of her license.

Miss Lenton was released from jail in March because of illness caused by a hunger strike. She broke her license and was not heard of again until June 10th, when she was arrested in Doncaster under dramatic circumstances. A woman named Winship was charged with breaking into the Westfield House at Doncaster, with intent to burn it.

A witness for the defense, who styled herself Mary Dennis confessed that she and not the Winship woman, was guilty. She proved to be Miss Lenton for whom the police had been searching. The Winship woman was released and Miss Lenton was sent back to jail.

Miss Lenton immediately started another hunger strike and got out on license a few days ago. She was placed in a house at Leeds until she had sufficiently recovered to be returned to jail and police guarded the house. Again she eluded them and got away yesterday.

A large unocupied mansion at Soilhull near Birmingham, was burned by an "arson squad" of militant suffragettes today.

A number of suffragette placards were found in the vicinity. One of them demanded the release of the women suffering imprisonment for the cause. A second bore the words "votes for women." Another was addressed to Sir Walter Phillimore, the judge who three days ago sentenced six of the suffragette leaders to imprisonment in London for conspiracy. It read: "Judge not that ye be not judged."

DEATHBED MOST TERRIBLE.

Agonies of Young Girl Stop Only When the End Comes.

Chicago, June 23—Lizzie Silverman is dead. After hours of agony the end came to the 18-year-old girl who swallowed bichloride of mercury by accident last Tuesday night. During the five days of slow death she never once slept more than half an hour and never was out of pain for more than three or four hours at a time. She died clutching a rose to her breast. Almost her last coherent words were a reminder that her employer owed her $3, which must be obtained for the invalid mother, whose own life, as a result of the tragedy, is now in doubt.

Suicide of Woman.

Philadelphia, Pa., June 23.—After drinking a solution containing 70 grains of bichloride of mercury, Mrs. Asta DeLeon, 28 years old, housekeeper of an apartment house, at No. 2127 Arch street, telephoned to the Hahnemann Hospital and then sat down on the front steps of the house to await the arrival of the ambulance which she requested to be sent to convey her to that institution. Three hours later she died in the hospital. She refused to make a statement to the police before she died, and the whole affair is a complete mystery.

LOCKJAW KILLS AVIATOR.

Injuries Sustained in Fall Fatal After Ten Days.

Grove City, Pa., June 23.—Earl Sandt the aviator who was injured here on June 12, while making an exhibition flight died in the Grove City hospital early yesterday from lockjaw.

Sandt was making a flight in connection with the June festival here, when at the height of 75 feet, his machine was caught by a descending air current and dropped, striking a building. The machine was wrecked. Sandn'ts left leg and and left arm were broken, the bones potruding were broken, the bones potruding through the flesh.

Sand't seemed to be recovering until last Friday, when tetanus developed. Walter Sandt a brother hurried to Erie in a special train and got antitoxin, but it was to late. Sandt's parents reside in Brookville.
